with **Laurel True and Valerie Nicoladzé**

JULY 2 - 10, 2019

8 nights / Arrival, July 2/ Departure July 10

Immerse yourself in a week-long experience that will leave you inspired for the rest of the year!

Join mosaic artists Laurel True and Valerie Nicoladzé at Valérie's Esprit Mosaïque Studio near Avignon, France to explore and celebrate your creative spirit through mosaic art.

This very special, curated trip will combine hands-on studio time, insider sightseeing, experiential learning, amazing food and wine, visits to local markets, an invitation to a family backyard bbq and a walk through the countryside when the lavender is in bloom.

Participants will enjoy time to create together in an inspiring studio environment with Valerie and Laurel, a dynamic teaching team with the shared philosophy that creative expression is accessible to all.

Esprit Mosaïque Studio is full of inspiration and color, offering a welcoming place to learn, create and spend time in community with other mosaic enthusiasts. The studio is stocked full of beautiful, unique materials from around the world for students to use in a personal project to take home.

A selection of bases for mosaic projects in various shapes and sizes will be provided.

Students can select from a variety of forms in the shape of birds, butterflies, dragonflies and more, or on a more classic base.

Laurel and Valérie will share their over 40 years of combined experience with students, offering lessons focusing on various techniques including precision cutting and setting techniques for glass and ceramic.

Lessons offered will include:

- Use of mosaic tools including those specific to France
- Combining different materials and texture effectively
- Mosaic setting with glass, ceramic and mixed media
- Special cuts for mirror and glass for exciting visual effects
- Color combining and design direction
- Grouting with tinted grout

Each student will work on one main project according to their experience level with one-on-one guidance. Projects will focus on exploring light, color and texture through the use of diverse materials.

No mosaic experience necessary...students of all levels are welcome!

Students can easily fit their completed mosaics pieces into their suitcases for return home.

More Specifics:

Workshop participants stay each year at Hotel de l'Atelier, quaint well-appointed hotel in Villeneuve les Avignon, a short ride from the studio.

Mosaics studio sessions are scheduled in the mornings and afternoons, with one optional evening session, leaving plenty of time to create.

Students have most evenings on their own to dine and explore the many restaurants in all price ranges within walking distance in Villeneuve. Avignon, a charming city founded in the Middle Ages, is a short taxi ride away should students want to explore during the evenings.

During the week, participants will enjoy a visit to a bustling Provincial market in the village of Uzes and the antique market in Villeneuve les Avignon

Tour includes an excursion to the unforgettable Carrieres des Lumieres, a unique immersive art exhibit in a former quarry, with a stop in medieval village Les Baux de Provence - which has an incredible view... and violet gelato!

One of past participants favorite parts of the week is an invitation to a backyard bbq at the home of Valerie and her family and a wine tasting of regional wines.

The workshop experience will end with a picnic in a lavender field (for real) on the final day and a visit to the Village of Sault, where village shops offer all things lavender.
The beauty of the lavender in bloom is indescribable and will stay with you well after you return home!

The July 2019 session will be Valerie and Laurel's 8th Celebration of Color Workshop and Tour.
